Then ...

The first record in Oneida County of the now "Alee's" property was by a Post Purchase document prepared by Charles C. Broadhead in June 1816. Ownership changed many times throughout the 1800's.

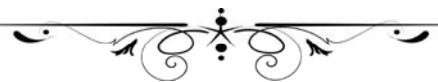

In the early 1900's this property was then known as the Hotel Martin Garage (one of the original signs was discovered during renovation) owned by the Martin family (and partially by a religious asylum) and was used in conjunction with the Hotel Martin. In August 1912, the garage was conveyed by the First Citizens Bank and Trust Company of Utica to the Mullman Corporation.

Subsequent ownerships included the Savings Bank of Utica, the City of Utica, Thrift Homes of Oneida County, Inc., the ECO Development Corporation, the New York State Teamsters Council Welfare Trust Fund and in 1992 the MCP Development Corporation who held the ownership until 2005.

Now ...

After the purchase, remodeling began to achieve the desired theme for Alee's.

We sincerely hope you enjoy our casual and relaxing atmosphere and be assured that whether dining, using our meeting room or banquet facilities our best efforts will always be given to you to make your experience most satisfying.
